

Farming Equipment & Technology Fund Productivity Options

The **Farming Equipment and Technology Fund** is a grant scheme aimed to subsidise the cost of brand-new equipment for farmers, foresters, contractors, and horticulturalists. The minimum grant for each theme has been reduced from the previous year to £1000 per theme, rising up to £25,000 per theme, making the scheme more accessible to everyone. There are specific requirements to eligibility for each item, for information on this please speak to your local YoungsRPS office.
